reference, Document Number EP 277 710 (Reference AL on the corresponding Form PTO-1449), in the German language.

The references on the attached Form PTO-1449 are provided for the purpose of providing English translations of the reference EP 277 710. The first reference cited on the attached Form PTO-1449 is a Canadian patent application in the same patent application family as EP 277 710. The second reference is an abstract of an Australian patent application that is also in the same patent application family as EP 277710. Copies of the Canadian patent application and the Australian abstract are enclosed.

The undersigned states that the original disclosure of the reference EP 277 710, in the Second Information Disclosure Statement filed 17 September 2002, was made within the three month period required by 37 C.F.R. §1.97(e). Applicants became aware of the enclosed English language publications recently, when the Australian patent application was cited in an Office Action in a corresponding foreign (Chinese) patent application. The Chinese Office Action issued within the past three months. Applicants' attorney was unable to download the complete Australian patent application from a database, but was able to identify and download the Canadian patent application.
